Discover this exclusive new-build duplex project located in the heart of Puerto Pollensa, just a few steps from the main square and a very short walk from the beach. An unbeatable location close to all the area's amenities and attractions. This project is offered for one of the duplexes, complete with its respective licenses to start construction. It is located above a ground-floor garage and will have its own access via a staircase. The garage on the ground floor is not part of the offer. The home is distributed over the first and second floors, offering a functional and modern design. It has three bedrooms: two singles, perfect for guests,...(Ask for More Details!)
