An interesting offer for those looking for two adjacent plots in the east of Mallorca. In the sunny plain between the towns of Felanitx, Manacor, and Porreres lie two parcels with a total area of over 33,000 m². Development is possible in accordance with the applicable building regulations. The two parcels “ 15,359 m² and 18,334 m² in size (according to cadastral data) “ are located side by side and thus represent a rare opportunity. The offer is complemented by an additional plot of 3,319 m² (according to cadastral data), which seamlessly adjoins one of the areas. The land is flat and cleared. Connection to the public electricity and water...(Ask for More Details!)
