45m²

21,476m²

N/A

Are you looking for a plot of land in the east of Mallorca, just minutes from Porto Cristo and Cala MendrÀ-a? Then this is your opportunity. This 21,476 m2 plot has an approved project and permit, which is a great advantage given the long waiting times currently available. This means you can start building your dream home in just a few days without having to wait any longer. The current project includes a 273 m2 single-family home with three bedrooms, two bathrooms, three interior patios, two large terraces, a garage, and a swimming pool. For any additional information or interest, please do not hesitate to contact the First Mallorca team....(Ask for More Details!)
