3,110m²

We are pleased to present this exceptional contemporary residence designed by ARK Architects, occupying an elevated position in La Reserva de Sotogrande with panoramic views across the surrounding landscape, golf course and Mediterranean Sea. Set on a stunning plot of approximately 3,110 m², the villa offers around 1,903 m² of total constructed area, including approximately 1,589 m² of enclosed interiors. Despite its considerable scale, the villa has been designed as a home rather than simply a statement of size, with generous living spaces, strong architectural lines and a close connection between the interiors, gardens and views. The villa was conceived as a private residence and...(Ask for More Details!)
