16,021m²

The property of approximately 16. 000 m2 consists of several outbuildings and a main house of approximately 300m2. Surrounded by lush nature, the house consists of 4 double bedrooms, three full bathrooms and a terrace area of approximately 120 m2. The house has central heating, an elevated swimming pool, a large fireplace and gardens surrounding the property. Also one of the outbuildings which is currently used as a storage room is actually a double garage. Next to the garage is the summer kitchen with barbecue. The house is completely independent, has a generator for electricity, solar panels of the latest generation, and its own well. Please do not hesitate to...(Ask for More Details!)
