Town House in Felanitx

3	4	303m²	298m²	✔

This fully renovated townhouse in Felanitx combines modern living comfort with the authentic charm of traditional Mallorcan architecture. High-quality materials, stylish design elements, and state-of-the-art home technology create an exclusive yet cozy living environment. On the ground floor, the house impresses with a ceiling height of approximately 3. 70 m and original natural stone arches, giving the living area a unique atmosphere. The property features three bedrooms and three bathrooms inside the house, plus an additional bathroom in the outdoor area by the pool. The house is heated via a modern air-source heat pump with underfloor heating on both floors. The pool is also heated using an air-source heat pump....(Ask for More Details!)
