25,644m²

N/A

Rustic plot for sale in Muro with an approximate surface area of 25,664 m² and a project for the construction of a detached single-family house with garage and swimming pool. The property offers a very peaceful and private natural setting, ideal for those looking to build a home surrounded by nature without giving up good connections to the village and the beaches of northern Mallorca. One of the main highlights of the property is its private underground water well, with an approximate capacity of 15,000 liters per hour. This well is connected to a pumping system located in a small pump house next to the safreig, powered by a diesel...(Ask for More Details!)
