Completion date Summer 2028 Alfaz Essence is an exclusive residential development of 123 homes located in Alfaz del Pi, Alicante, designed for those seeking tranquility and a refined, well-maintained environment. The homes, mostly with two bedrooms, feature south-facing terraces that allow for abundant natural light. Many units also offer a private garden or a rooftop solarium, with the option to add a jacuzzi or private pool. The architecture emphasizes the connection between indoor and outdoor living, with open-plan living areas and integrated kitchens that create spacious and comfortable interiors. The homes are built with reinforced concrete foundations and structure, and feature a façade system with SATE (External Thermal...(Ask for More Details!)
