54,000m²

N/A

This agricultural plot is located in the countryside, located on the outskirts of the town of Sa Pobla, in the north of Mallorca. The land consists of approximately 45,000m² where a 300m² detached house could be built including a pool. This is an excellent investment opportunity, either as a future home owner or as an investor. Its idyllic location, and easy access makes it easy to get anywhere on the island, with excellent connections to local towns and motorway access, while also retaining a level of peace. Do not hesitate to contact our First Mallorca team for more information.
