This house has been built with a lot of charm in a tasteful rustic Mallorcan style. Traditional elements, such as the patio with stone floors in the entrance hall, wooden furniture in the kitchen, high ceilings with wooden beams and an orchard remind the manor houses of the island. This property offers a splendid outdoor area with salt water pool, barbecue, garden and a large covered terrace next to the kitchen. The upper floor is adapted as a guest apartment. Lovely place to be in peace with nature. Pool and garden maintenance included.
