Land a Plots in Ses Salines

0	**0**	**N/A**	**63,058m²**	**N/A**

This building plot is in a perfect location in the rural area of Ses Salines. A project already exists and has been submitted to the Consell. Once the licence has been granted, you can build a detached house with six bedrooms on more than 500 m². Also included in the project are the pool area, a tennis court and a carport. We would be happy to view the property together.
