Land a Plots in Muro

0	0	N/A	15,325m²	N/A

This beautiful plot of approximately 15,325 m2 is situated in a highly desirable location, close to both Playa de Muro beach and Muro village, which offers all necessary amenities. The property includes a project for a stunning 300 m2 country house featuring four bedrooms, a pool, and multiple terraces. The building license has already been submitted to the Town Hall and is expected soon. There is also the option to purchase the neighboring plot, which already has an existing building license (Ref. 82727). Purchasing both plots provides the flexibility to build a larger custom home. Please contact the First Mallorca team in Pollensa for all documentation and a full presentation...(Ask for More Details!)
