788m²

Three-Level Property This unique three-level property, built in 1980 and set on a generous 788 m² southeast-facing plot with a total built area of 217 m², offers exceptional potential for investors or families seeking a multi-unit home. Each apartment benefits from its own private entrance, providing maximum independence and making the property ideal for long-term rentals, holiday rentals, or multi-generational living. The property comes furnished. The ground-floor apartment features one bedroom, one bathroom, newly installed windows, and direct independent access. This unit is ready to use and offers comfortable living with minimal updates required. The second-floor apartment also offers one bedroom and one bathroom, along with its own private entrance....(Ask for More Details!)
