Discover modern comfort and refined design in this newly built 2-bedroom, 2-bathroom apartment in Calpe, set for completion in 2027. Situated in a thoughtfully planned residential complex of two light-filled towers, this south-facing apartment offers a total built area of 103 square meters, including 80 square meters of useful interior space and a 23 square meter private terrace with stunning sea and mountain views. The interior is finished to a high standard, featuring premium porcelain flooring and exterior carpentry with thermal bridge break, ensuring optimal energy efficiency and sound insulation. A ducted air conditioning and heating system, paired with smart automation for both temperature and blinds, provides year-round comfort...(Ask for More Details!)
