This apartment under construction in a prime location on the Paseo Marítimo enjoys a maximum of natural light and truly incredible views over the harbour of Palma, thanks to a carefully planned design. The 2 bedroom property has 2 bathrooms and a kitchen with top quality fittings. For its interior, you can choose between natural stone floors and natural parquet. The apartment is part of a project which combines elegance and exclusivity with top quality finishes in all areas. For optimal energy efficiency, original Balearic stones are used and also the interior and exterior of the property are built with materials from the island. The design is unique, stylish and...(Ask for More Details!)
