This spectacular rustic plot, on the side of the Hamburg Hill, only a stone's throw away from Santanyi, has an approved old project and building license and can become your new home on the island. The project foresees the construction of a main building with two floors and a total of five bedrooms with bathrooms en suite, as well as a garage for two cars, different terraces, covered porches, pergolas and a swimming pool of 83 m². Furthermore, the project has been able to include machine rooms, storage rooms, utility rooms and many more rooms, which cover any need of use and storage. The land has a legal water well,...(Ask for More Details!)
