Attractive plot with building project in Port de Soller. In the planning is a villa on three levels with lift and approx. 351m² constructed area. On the upper floor there is a spacious living-dining room with access to an approx. 40m² harbour view terrace, open kitchen and a guest toilet. On the middle floor there are three bedrooms, each with en-suite bathrooms. In the basement there is a sauna, wine cellar, fitness room and home cinema. The pool is located on the approx. 82m² roof terrace from where you can enjoy a great panoramic view and lots of sunshine. The building licence has already been applied for and is included...(Ask for More Details!)
