Villa in Moraira

0	0	885m²	N/A	N/A

Botticelli Residence brings 18 contemporary Mediterranean villas to Moraira on the northern Costa Blanca. Each home has a terrace, a private pool and off-road parking. The marina, beaches and restaurants of Moraira are close by. The layouts vary by plot. In villa 5A, for example, the kitchen and living-dining room share the ground floor with a bedroom and bathroom. Two further bedrooms open onto the upper level, while the basement includes storage and rooms whose final use should be confirmed. Contact Enjoy Houses Spain for the floor plan, current price, available finishes and viewing options for your preferred villa. ref:Moraira Residence
