Completion Date 2026 Discover a new way of Mediterranean living in these exclusive contemporary apartments, designed to combine elegance, comfort, and energy efficiency in one exceptional residential experience. Built with high-quality materials and premium finishes throughout, every home offers bright open spaces, fully equipped designer kitchens with Siemens appliances, integrated air conditioning, aérothermal system, double-glazed aluminium windows, luxurious bathrooms with top-brand fittings, spacious terraces, premium porcelain flooring, and advanced ventilation systems. Only a limited number of residences remain available, including ground floor apartments with private gardens, a 1-bedroom first floor apartment, and selected 1 and 2-bedroom homes. The majority of the development has already been sold, making this one of a kind opportunity.
