174m²

455m²

Contemporary Luxury Villas in Finestrat This exclusive development comprises just 12 contemporary villas in Finestrat, designed around refined Mediterranean architecture, advanced technology, and exceptional year-round comfort. The villas combine continuous glass, natural limestone, and crisp white surfaces to create a striking yet timeless architectural identity. These carefully selected materials reflect the Mediterranean light while offering durability and a sophisticated aesthetic throughout the development. The parking level provides approximately 50 m² of covered and uncovered space for two vehicles, finished with durable automotive-grade surfaces, integrated LED lighting, and a dedicated electric vehicle charging point. Storage and technical rooms are also incorporated, ensuring practicality without compromising the clean architectural design. Ask for
