365m²

1,044m²

Set in a quiet residential area just a short stroll from the beaches of Palmanova, this beautifully updated villa combines classic Mediterranean charm with modern upgrades and sustainable features. The property sits on a 1,044 m² plot and offers approx. 365 m² of built area, designed for comfortable year-round living. Fully refurbished by the current owners, the home includes new flooring, doors, and double-glazed windows, along with a sleek contemporary kitchen and an adjoining utility room with guest WC. A big part of the roof is equipped with solar panels, allowing the property to largely operate on its own energy. Central oil heating and integrated air conditioning provide climate control...(Ask for More Details!)
