This luxurious residential property, built in 2027, spans 587 sqm with 108 sqm of usable space and 91.4 sqm of terrace. Located on the 1st floor of a 16-story building, it offers stunning south-facing views of the sea and mountains. The apartment includes 2 bedrooms, 2 bathrooms, underfloor heating, air conditioning, a private garage, and access to a communal pool. It is fully furnished with a garden and lift. The building features reinforced concrete columns and walls, with ribbed floor slabs for flexible layouts. Internal partitions are made of multi-layered ceramic bricks, mineral wool, and laminated plasterboard, ensuring sound insulation and strength. The façade incorporates ceramic brick, air...
