The development of 8 properties offers the perfect harmony between the character and a high quality contemporary space. The distribution and design has been carried on by one of Spain's best known architects preserving every detail of the Palace: its arches, the high ceilings, noble areas, patios and large windows. The apartments have different sizes of 2-4 bedrooms and the constructed areas vary between 144-246 m2, some with beautiful outside spaces between 30-63 m2. Additional features: parking space, air conditioning, central heating, wooden floors, marble floors, high ceilings, historic features.
