We now have a selection of these beautiful New Villas available for sale set here in Las Colinas Golf Resort & Country Club. Located in their own private, gated community, there are 2 models of these New Villas available for sale with views out over the Las Colinas Golf Resort. This beautiful community of new villas, has been designed, to give each property a unique position, and views of the resort and surrounding area. The developers of these properties are offering some additional interior design elements, which have never been seen before on this resort. From the large glass skylight, to the stunning glass feature indoor garden. Each of the properties will come finished to the highest of standards, and have the latest in home automation, as well as modern, kitchens, bathrooms, and bedrooms. The layout of these properties has been given careful consideration, with the full width sliding glass doors, providing light and additi...
