Mimosa Villa Las Colinas. We are excited to bring to market this small number of Exclusive new Mimosa Villas for sale located here in the award winning Las Colinas Golf Resort. Each of these stunning properties sits in their own large and private plot here inside this gated community. The villas are set over one or two levels with an underbuild and garage to the lower level. The main floor houses the living accommodation with a fully fitted modern kitchen, and an open plan living & dining area. From both of these rooms, there are huge floor to ceiling glass doors, which slide back to extend the living space to the outdoor terrace. Outside there is an amazing terrace area and a large 10m x 4m private swimming pool, with views over the award-winning golf course. There is also the option to have a full roof top solarium to really take in the most of the views on offer. Back inside there are 3 great sized double bedrooms with fitted wardrobes...
