Created by one of the resorts leading developers and teams of Architects here at Las Colinas Golf & Country Club is this spectacular villa. Set into the cliff in this prime position within the desirable Olivio Community, here at Las Colinas Golf & Country Club this beautiful villa has stunning views across the resort, golf course and out to sea. Built over three levels this is the largest villa constructed here at Las Colinas Golf & Country club and has some amazing features. From the main entrance, there is a large top floor terrace and outdoor seating area complete with fireplace, and kitchen area giving you stunning views. As you enter the villa the first thing you notice is the sheer size and amount of light on offer from the double height living space and the 100sqm main living, dining and kitchen area. From here you have access to another terrace area which once the main living doors are fully opened extends the living space ...
