Oceana Views is an ultra-contemporary development of luxury apartments located in an elevated position. Distributed across five stylish low-rise buildings the apartments benefit from a south-western orientation making the most of the sea views and sunsets over the Mediterranean. All the apartments feature an Open plan and contemporary design, and all have a large terrace area perfect for alfresco dining with spectacular views. Large oversized glass doors allow natural light to bathe the spacious interior areas and with neutral décor throughout each apartment will easily become home once personalised. A fully equipped kitchen featuring high gloss white units adds to the modern feel preferred by our international clients. Penth...
