UNIQUE SEA VIEW VILLA IN MIJAS The design of the villa follows the latest tendencies in architecture. The sun is the element that plays an essential role in the villa, lighting up the villa through both East and West. This villa has been designed using the latest techniques to have an ecological and low maintenance building. It's a contrast of the modern and contemporary together with a functional distribution, that brings along a pleasant and harmonious comfortable home. Set over 2 levels, this spacious villa has a double height ceiling in the living room which brings light across the house all day long. This villa has been designed to maximise the indoor-outdoor flow in contrast with the natural light. All the qualities used in this developers houses are of the highest standards, using the best marbles, woods and carpentry for their luxury designs. Waking up and walking into this south west facing terrace is the best way to start a not...
