This three bedroom Miradores apartment enjoys the most stunning views across La Manga Clubs Championship South Golf Course and continues over the Mar Menor Lagoon to the Mediterranean beyond. The property has been refurbished and is very well presented. The large kitchen, updated to include all white goods provides a light and airy space with ample work surface areas. The living and dining room have patio doors with access leading to a substantial terrace which enjoys sunshine throughout the year. The current owners added a small splash pool to cool down during our long hot summers. The apartment is to be sold fully furnished.
