This newly built villa in Costa d'en Blanes will be completed by the end of 2023 and offers beautiful views of the sea and the port of Puerto Portals from the living area and the master bedroom. Due to its location at the end of a quiet residential street and adjacent to a green area, the property is quiet and offers a high level of privacy. The new building will skilfully combine modern design and Mediterranean style elements such as the partial use of natural stone. The open and, thanks to floor-to-ceiling glass windows, bright living/dining area with cooking island is located on the upper floor. The spacious master bedroom with dressing area and ensuite bathroom will also be located on this level. Both areas of this level will be directly connected to the terrace with pool, which means that the transitions between inside and outside will be fluid and will invite you to enjoy the Mediterranean lifestyle outdoors. On the lower floor will ...
