Beautiful new build project of a villa with 4 bedrooms and bathrooms. This villa is within walking distance to Port Adriano, surrounding cafes, restaurants and stores. The area around El Toro has been undergoing renovation for some time and is becoming increasingly popular with prospective buyers. Whether it's beautiful sunsets at the viewpoint of the cliffs, walks with the dog through the former military area or a dinner in Port Adriano - this quiet residential area has a lot to offer. As the villa is not yet under construction, you can still influence the designs with your own taste and style. Interested? Use the contact form to arrange your viewing now.
